

2021 GCE N-Level Results Administrative Briefing

Celebrate Efforts

The N-Level is a culmination of years of hard work and perseverance.

Let's celebrate our efforts regardless of the results.

Let's mark the end of the academic year by reflecting together on all our previous successes in school and the challenges we have overcome!

A photograph of a dirt path leading through a dense forest. Sunlight filters through the trees, creating a warm, golden glow. The path is in the foreground, leading towards the center of the image. The trees are tall and thin, with some evergreens and some deciduous trees. The overall atmosphere is peaceful and inspiring.

Success is not final,
Failure is not fatal;
It is the courage to
continue that counts.

Winston Churchill

Think Opportunities

As you await your GCE N-Level results, there are some possibilities:

- You are happy that your results meet your expectations,
- You are overjoyed that your results exceed your expectations, or
- You are worried/upset because your results fall short of your expectations.

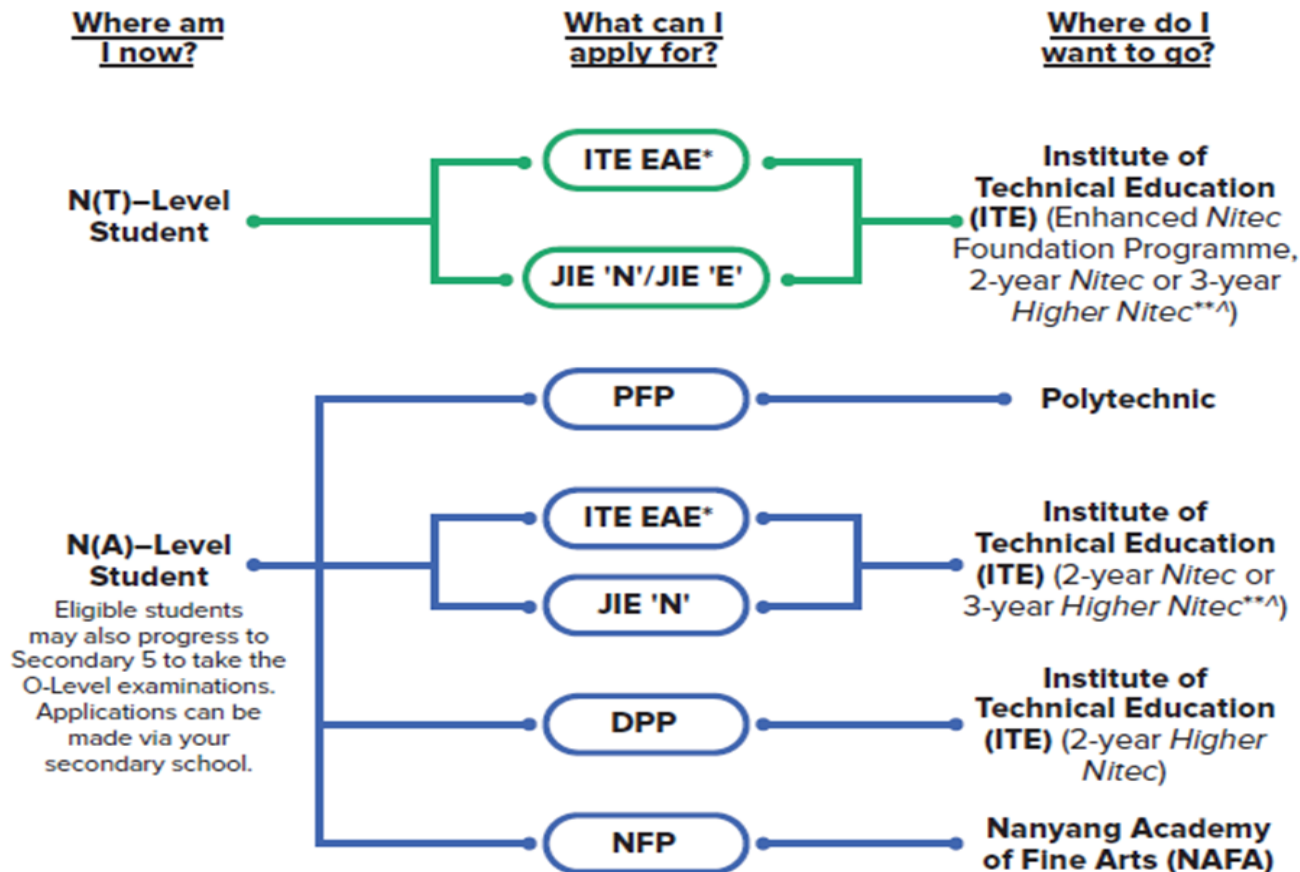

As there are **many pathways and opportunities**, remember that **everyone's learning journey is different** but **we can each have a fulfilling outcome!**

Key Pointers for Students on ITE's Joint Intake Exercise (JIE) for Admission to Nitec Courses

ALL N(T) students and N(A) students (who are not progressing to 5N(A) or repeating 4N(A)) are eligible for JIE.

Keen competition for *Nitec* and *Higher Nitec* courses, so use all 12 choices wisely!

Participation in Main Phase is key to secure a place in ITE!

If you are keen in the work & learn option, you may consider applying for the ITE Traineeship programme. Do apply in the Main Phase to avoid missing a place in ITE!

If you are unsuccessful in EAE, make sure you apply in Main Phase to avoid missing a place!

If you have received an additional letter, then you are eligible for the 3-year *Nitec* Programme (eNFP)

If you are eligible for eNFP, make sure you apply for the 2-year *Nitec* first before applying for eNFP!

The eNFP helps to build the necessary literacy and numeracy foundations that will enable you to successfully complete your *Nitec* course!

If you are counter-offered a course, accept it first before appealing to another course you may be more interested in!

Direct-Entry-Scheme to Polytechnic Programme (DPP)

DIRECT-ENTRY-SCHEME TO POLYTECHNIC PROGRAMME (DPP)

5 Things You Need to Know

1. What is the DPP?

- Prepares Sec 4N(A) students for progression into selected polytechnic diploma courses via a 2-year *Higher Nitec* programme at ITE, and a 10-week DPP preparatory course
 - Serves as an alternative to Sec 5
- Students who attain required *Higher Nitec* GPA scores are guaranteed a place in one of the polytechnic diploma courses mapped to the *Higher Nitec* course. (Refer to <https://www.ite.edu.sg/admissions/full-time-courses/higher-nitec-dpp> for course mapping.)
- About 1,200 places offered across 18 *Higher Nitec* courses

2. Am I Eligible for DPP 2022?

- Sec 4N(A) student who has sat for GCE N-Level exams in 2021
 - Obtained ELMAB3 aggregate of 19 points or less (before deduction of CCA bonus points)
 - Meet course-specific entry requirements
- If you can check all 3 boxes above, you're eligible!**
(Note: Being eligible to apply does not guarantee you a place in a DPP *Higher Nitec* course.)

If you have offered GCE O-Level examination subjects in 2021, you may refer to this table for the equivalent grade to compute your ELMAB3 aggregate:

GCE O-Level Grade	Converted Grade
A1-B3	1
B4-C6	2
D7-E8	3

3. How do I Apply?

- Upon release of the GCE N-Level results, all DPP-eligible students may apply for DPP *Higher Nitec* courses via the ITE website (<https://www.ite.edu.sg>).
- You may select up to 12 course choices.
- Remember to provide updated contact details in your application to allow ITE to contact you if necessary.

4. How Will I be Informed of the Outcome?

- You should check your DPP posting results online on the morning of the release of the DPP posting results.
- You will then have to indicate if you wish to accept/reject/appeal the offer.
- If you do not accept the offer by the stipulated date, it will become void and you will be required to continue with your classes in Sec 5 or with your *Nitec* course if your application via JIE 'N' is successful

5. What Happens Next?

Upon accepting your DPP offer, you will attend a 10-week DPP preparatory programme that will start in Jan 2022.

DPP

- ❑ Students who have sat for both GCE N- and GCE O-Level examination subjects can apply for the DPP prior to the release of their GCE O-Level results. They may submit an application in December using both their GCE N-Level results, and results from their school-based preliminary examinations for O-level subjects. Students who are successful in their DPP application will receive an offer for a DPP course.
- ❑ Upon the release of the O-Level examination results, ITE will verify if applicants who had used school-based preliminary examination results for admission have fulfilled the criteria for admission to the DPP.
- ❑ Students who are newly-eligible for the DPP after the release of the O-Level results in 2022 may also apply in January 2022.

Polytechnic Foundation Programme (PFP)

POLYTECHNIC FOUNDATION PROGRAMME (PFP)

Essential Things You Need to Know

1. What is the PFP?

- A foundation year at the polytechnics that:
 - Prepares well-performing Sec 4N(A) students for progression into respective polytechnic diploma courses
 - Serves as an alternative to Sec 5
- Conducted over two academic semesters at the polytechnics
- Students must pass all PFP modules in order to progress to their respective, pre-selected diploma courses.

2. Am I Eligible for PFP 2022?

You are eligible for the PFP if you:

- Sat for GCE N-Level exams as a school candidate in 2021
- Have obtained an ELMAB3 aggregate of 12 points or less (before deduction of CCA bonus points)
- Met course-specific entry requirements as listed on the PFP website

If you can check all 3 boxes above, you're eligible!
(Note: Eligibility does not guarantee you a place in a PFP course)

If you had offered GCE O-Level examination subjects in 2021, you may refer to this table for the equivalent grade to compute your ELMAB3 aggregate:

GCE 'O' Level Grade	Converted Grade
A1-B3	1
B4-C6	2
D7	3

3. How do I Apply?

- Upon release of the GCE O-Level results, all PFP-eligible students will receive Form P containing a PFP PIN that allows them to apply for the PFP at this [link](#).
- You may select up to five course choices.
- Remember to provide updated contact details in your application to allow the polytechnics to contact you if necessary.
(Note: You should continue to attend Sec 5 from 4 January 2022 while applying for PFP.)

4. How Will I be Informed of the Outcome?

- You should log in to the PFP portal to check your application outcomes on the day of PFP posting results release.
- You will then have to indicate if you wish to accept/reject/appeal the offer.
- If you do not select any option, your offer will become invalid and you will be required to continue with your classes in Sec 5.
(Note: If your appeal is successful, your original offer will be void regardless of whether you accept the new PFP offer.)

5. What Happens Next?

- If you accept your offer, you will receive an enrolment package from the polytechnics in February/March 2022.
- The PFP year will start in April 2022.

PFP

- ❑ Eligibility does not guarantee placement in a PFP course. Placement is subject to the availability of vacancies and in open competition with other eligible applicants based on merit.
- ❑ Upon release of the GCE O-Level results in January 2022, all PFP-eligible students may submit an application online via the PFP portal at <https://pfp.polytechnic.edu.sg/PFP/index.html>. More details on the PFP application dates will be made available on the PFP portal following the release of the GCE O-Level results.
- ❑ Students who are eligible for and intend to apply for the PFP must still report for Secondary 5 in January, as being eligible for the PFP does not guarantee placement into a PFP course. After the release of PFP application results in late January, students who have accepted a place in the PFP are still required to attend classes up till the last Friday of January, i.e. 28 January 2022.

Additional Notes for 4NA

- ❑ Students who are only interested in applying for the DPP should do so once they receive their GCE N(A)-Level results in December 2021. Should they accept a DPP offer, they will not be required to return to their secondary schools for Sec 5N(A).
- ❑ Students who are only interested in applying for the PFP should first progress to Sec 5N(A), even if they meet the PFP eligibility criteria based on their GCE N(A)-Level results in December 2021. They may then apply for the PFP upon release of the GCE O-Level results in January 2022. If their application is successful, they will withdraw from Sec 5N(A) by the end of January 2022. All PFP-bound students are required to attend Sec 5N(A) classes in their secondary schools up till the last Friday of January 2022, i.e. 28 January 2022.

Additional Notes for 4NA

- ❑ For students who are interested in both the PFP and DPP, one option is to (i) first progress to Sec 5N(A) and then (ii) apply for both the PFP and DPP upon release of the GCE O-Level examination results in January 2022. Students who are offered a place in both the PFP and DPP may only accept one course offer. Students who accept both offers will have both offers voided. If their application to either the PFP or DPP is successful, they will withdraw from Sec 5N(A) by the end of January 2022.
- ❑ Another option is for students interested in both the PFP and DPP who have already applied for and accepted their DPP offer prior to the release of the GCE O-Level examination results, their secondary school will contact them to **collect the PFP eligibility form (Form P) if they are eligible for PFP after the release of the GCE O-Level results**. Students who decide to apply for and accept their PFP offer in January will need to withdraw from the DPP course. Applicants can apply for a refund of their DPP enrolment fees, subject to ITE's approval.

8 Things You Should Know Before You Enrol in A Private School

School Registration

Ensure the school is registered with CPE. Review the school's registration period, expiry date and its overall registration track record.

Partner Institution

Research on the partner institution conferring the diploma or degree, and whether the qualification is recognised by the industry.

EduTrust Certification Scheme

Is the school EduTrust-certified? Under the scheme, private schools are assessed for their performance in areas such as school management and provision of student support services.

**Schools are required to obtain EduTrust certification in order to offer external degree programmes*

School Premises

Head down to the campus ground to check the facilities and support services. Observe the study environment too.

Fee Protection

Ask if there is any course fee protection so that you will be able to recover unconsumed course fees should the school close down.

Beyond Course fees

Find out about the course syllabus and materials, graduation rates and employment prospects. Approach the alumni to find out what they think of the school.

Teachers

Check if the teachers are qualified to teach the course.

Internship

If industry attachment is included, find out which organisation you will be attached to, the period of attachment and the alternative arrangement should the attachment become unavailable. Verify the information with the organisation as well.

No matter the circumstances, there is always a way forward.

Stop

- Stop any unhelpful thoughts or actions that would make you more upset.
- Inhale deeply and exhale slowly using 10 counts as you relax your muscles. Acknowledge your emotions.

Think

- Think through the different options that are available for you. Keep things in perspective.
- Remember that the N-Level is just one part of your life journey and not the destination.

Do

- Approach a trusted adult and seek his/her help. Have a conversation with this person about what would be best for you.
- Make a decision based on your options and take action.

When you receive your results, you may feel overwhelmed by emotions.

Managing these emotions well will allow you to stay calm and make rational decisions.
